Hello, My name is Hope and I own Hope70 Photography, LLC and Hope70-Let's Talk!, LLC.

Hope70 Photography is my photography business and Hope70-Let's Talk! Is my Podcast business, separate businesses, but when combined create full media coverage for any and all events!

Fun Fact - I am one of the Official Track Photographers at Maryland International Raceway, where most weekends I cover amazing events whether it be photographing both full story and intimate detailed moments, recording races on the track, events on the stage and whatever action is happening in the pits and midway or having interviews on site with racers and spectators, promoters and beyond. Im all over the place documenting all the moments possible and networking with everyone I can.

From time-to-time Hope70 also travels to other racetracks to cover major racing events as well as covering local High School games such as Lackey's Baseball, Football and Basketball teams. I also cover Maryland State Championship games too.

Over the last few years, I have gained quiet the popularity which has also earned me my Official Track Photographer title, Major awards and much more.

- With that being said, I am contacting you to inquire about sponsorships. Most – all my work I do is volunteer. So, to help with travel and business costs I am reaching out for business sponsors. This is a win- win deal for us as your sponsorship helps my business stay strong, and I in turn give you tremendous exposure both locally and globally. As my photography and podcast is seen, heard and shared from everywhere.
- Your business logo will go on ALL photos (digitals, prints, social media posts) all footage (videos taken during events) and interviews too.
- I give your business a personalized individual promotion on my socials and YouTube both when I receive your sponsorship and then again during the event you are sponsoring.
- Sponsorship fees depend on the event I am covering. Please see next page
